Hon. A.A. Desai, C.J.
Hon. M.C. Jani, J.

Learned counsel for the petitioner very vehemently by urged that the condition incorporated in the licence relating to the rotation of trips and payment of money to private body is patent by illegal.

Apart from the merit of the contention, we cannot go into this question at this stage since the licence, which the petitioner was holding, has now expired.

The petition is, therefore infructuous.

The petition is disposed of accordingly.
